SPECIAL EDITION DON'T MISS THE MARCH MEETING

President's Message: A Special Treat

Our March meeting will be very special as we have invited acclaimed book and magazine author **Debra Lee Baldwin** as our guest speaker. Ms. Baldwin will give a presentation entitled "**Using Succulents in Your Home & Garden Landscapes**". We are expecting a much larger crowd than normal; in fact all of the clubs associated with the Garden Center have been invited. Ms. Baldwin will be signing her book for club members, and copies will be available for purchase at the meeting. Please note that the meeting social time will start at 6:30 pm (not 7:00pm) to accommodate this extra special event. The general meeting will start at 7:30 as always. Thanks to those of you at last month's meeting who volunteered to help with the plant raffle and to serve as hosts and hostesses. This should be a fun evening.

We had another great program in February with Barbara Schulze and Paul Kibler offering help and insight on how to prepare plants and complete the paperwork needed to show plants at the Show & Sale in April. Barbara provided a hands-on demonstration on how to prepare and stage show plants. She covered the gamut of preparation "to do's" including cleaning, pot selection, planting, top dress, etc. If this does not inspire you to show plants this year, I don't know what would. **The 2009 SACXS Show and Sale is scheduled for April 23rd – 25th at the Garden Center.**

A nominating committee is in the process of being formed, and so you may be contacted soon to serve as an executive officer for 2009/2010. For those of you who want to have a say in how the club is run, this is your chance to get involved. I truly hope that we'll have a new, diverse group of officers for the coming year which will make the club stronger and continue our traditions.

Thanks *again* for your ongoing support and participation at club events. See you at the meeting on the 18th.

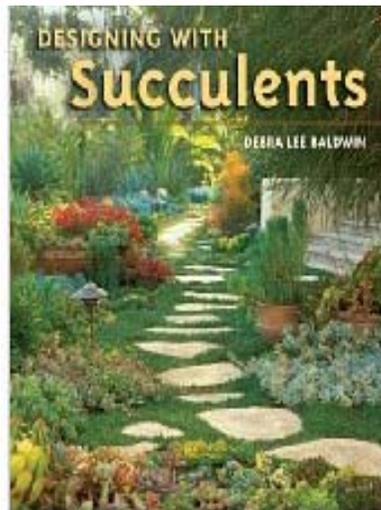

Jimmy
